

2020 global launch.

SPEKS.

the world's greatest desk toys.

hi, we're speks.

we're a brooklyn-based team of designers, dreamers and fidgeters on a mission to deliver a dose of fun to every desk on the planet.

speks sell.

speks are the world's greatest desk toys. they're universally fun, perfectly giftable and most importantly seriously damn sellable.

we're CE compliant.

really? yup! speks are the only CE compliant and globally legal magnetic spheres on the market. the secret is in our size (2.5mm), which keeps the magnetic flux (strength) under the limit mandated by EN71 and ASTM F963.

people like us.

with 50+ press hits in major publications in 2019 alone, it's safe to say we're a real crowd pleaser. check out our 12K strong gang of instagram followers @getspeks!
